# The 23rd Exhibit: Kibernetik by The Luminarium

ANIMATION
JULY 2017

**The Luminarium is an art group with artists in both the digital and traditional realms from all over the world. They are releasing their 23rd Exhibit entitled 'Kibernetik'. Their goal? Creating online art exhibits for anyone to enjoy!**

*As our 23rd exhibit, we have explored the cybernetic & cyberpunk universe and we are very on the idea of Kibernetik theme. With over 30 talented artist from around the theme in a variety of ways and we're presented their own unique scenes. The Kibernetik exhibit is hosting a total of 30 pieces of art from 30 talented artists from around the world. Viewing all together in one place, they exhibition presents a stunning fantastic alchemical surrounding- and post-apocalyptic world. The Luminarium presents Kibernetik*
