***Akasha:*** is the first material element from the astral world created before Air, Fire, Water and Earth (Hinduism religion).

***Dephazis:*** is a representation of something evil we have inside our mind, our troubles. Every day we try to resist and go a step further.

***Silentyum:*** the depth of space...

***Magnetic-Fields:*** a spaceship able to generate magnetic fields to travel faster and deeper into the universe.

*"I got into 3D by watching online tutorials, like the ones you can find on YouTube or blogs and websites. At the beginning, I had absolutely no idea which 3D software was the best one for a beginner.*
*Then, one day, I downloaded a trial version of 3ds Max and I began to follow tutorials both from the Internet and on magazines. Year after year I fell in love with it!"*

***Underneath:*** a space, futuristic project that represents an ancient alien structure lost in the Universe ... but it is awakening ...

*"In my opinion, there are no secrets to improving yourself. Improvement comes after hours and hours of work in front of your screen. The best way to*
*perfect your skill is to experiment as much as possible, and of course try to learn new things through the Internet or magazines. Also, I learned many tips from other artists too, when you ask, you often get an interesting*
